VINTAGE DAY

The first Vintage Show was held in September 1996 in the Paddock on Quay Street, The following year the show was moved to June to coincide with Bonfire Night. The show has grown from strength to strength over the years but being an outdoor event it is very weather dependant.The original aim of the show was to organise an event in the village. That would bring our small community to work together and secondly to raise finance to support the work of the Development Association. Both these aims have been achieved. We now have a wonderful community resource centre which is the home of all local organisations and activities. Next year's show will be the 14th and it would not have reached this stage without the involvement of the entire community in and around the village. It will be held a week earlier than normal, on Sunday 13th so as not to clash with the Leitrim v Roscommon Connacht Semi-Final. We hope to see you all in our friendly Shannonside Village.
